

Community-Based (CB) Micro & Small Enterprise (MSE) Climate Support Programme:

Partnering in Response to Hurricane Beryl for Relief, Recovery & Rebuilding MSEs

About Hurricane Beryl

- ➤ The strongest and fastest Tropical Storm to swiftly matriculate into a Category 5 hurricane during the period June 28 to July 9, 2024
- **Earliest Category 4 Hurricane recorded**... *broke Hurricane Dennis record (2005)*
- ➤ Beryl made landfall as a Category 4 Hurricane raging across the southern Caribbean islands, flattening hundreds of building and costing lives & livestock, leaving about \$510 million worth of damage in the Caribbean, especially...
 - ✓ Union Island, Saint Vincent and the Grenadines About 90% of houses demolished; 1,700 people displaced; Airport terminal severely destroyed
 - ✓ Carriacou, Grenada 3,500 households affected; about 10,000 homes badly damaged
- Caused between **\$28 to 32 billion in damage in the U.S**. and also impacted **Canada** as far north as Nova Scotia.
- ➤ Many countries are still battling the lingering social & economic repercussions.

Beryl's Impact on Jamaica

COMMUNITY MEMBERS ASSIST IN CLEANUP ACTIVITIES AT TOLL GATE PRIMARY SCHOOL

Beryl's Impact on Jamaica

- Over 250 roads affected by fallen trees & flooding
- ✓ Impacted communities faced limited access to clean water, proper sanitation and electricity
- ✓ To date, over 160,000 people, including 37,000 children, require humanitarian assistance after reporting extensive damages to their homes, water and electricity supplies.
- ✓ Livelihoods in south eastern Jamaica, especially in Clarendon and St. Elizabeth have been badly disrupted.
- Estimated damage to agricultural sector is Ja\$4.7 billion (approx. US\$30million)
- ✓ After more than 2 months, 15 people were still in Rocky Point Shelter, Clarendon in Sept 2024

LASCO Chin Foundation Response

Opportunity to Pilot a...

Community-Based (CB) Micro & Small Enterprise (MSE) Climate Support Programme for Relief, Recovery & Rebuilding MSEs

focusing Clarendon & St Elizabeth

- > PHASE 1: Rapid Relief & Assessment
- > PHASE 2: Restore & Rebuild CB MSEs
- > PHASE 3: Support Sustainable Growth

Key Activities

- 1. Engage Partners willing/able to provide Immediate Relief (2-7 days)
- 2. Provide Emergency Care Package Relief (2-7 days)
- 3. Rapid Assessment (5-7 days)
- 4. Loss & Damage Evaluation (1-2 wks)

LCF Partnerships

Within 3 weeks, the LCF engaged existing partners and forged new partnerships with:

- 1. JWN Foundation
- 2. Sandals Foundation
- 3. New Testament Church of God (NTCG)
- 4. Operation Save Jamaica (OSJ)
- 5. Saxthrope Methodist Church
- 6. Soroptomist International, Jamaica
- 7. Institute of Law & Economics (ILE)
- 8. Caribbean Philanthropic Alliance (CariPhilAlliance)
- 9. Lasco Affiliated Companies
- Among others who supported our efforts via online contributions

Emergency Care Package Relief

ONE WEEK after Hurricane Beryl hit Jamaica, the LASCO Chin Foundation in collaboration with partners, mainly JWN Foundation & Sandals Foundation, distributed 1,019 Relief Care Packages benefiting more than 4,000 people in 4 parishes who were negatively impacted by the hurricane

July to mid-September 1,930 Relief **Care Packages** valued at Ja\$7,238,553.00 (US\$45,700) were delivered in collaboration with our partners

Emergency Care Package Relief St. Elizabeth and Clarendon

Of the 1,090 Relief Care
Packages distributed in the first
week, 930 Relief Care Packages went
to families in 19 communities in
St. Elizabeth and Clarendon

July to September - 1,127 Relief
Care Packages were delivered in St.
Elizabeth and Clarendon
collaboration with partners

Rapid Assessment

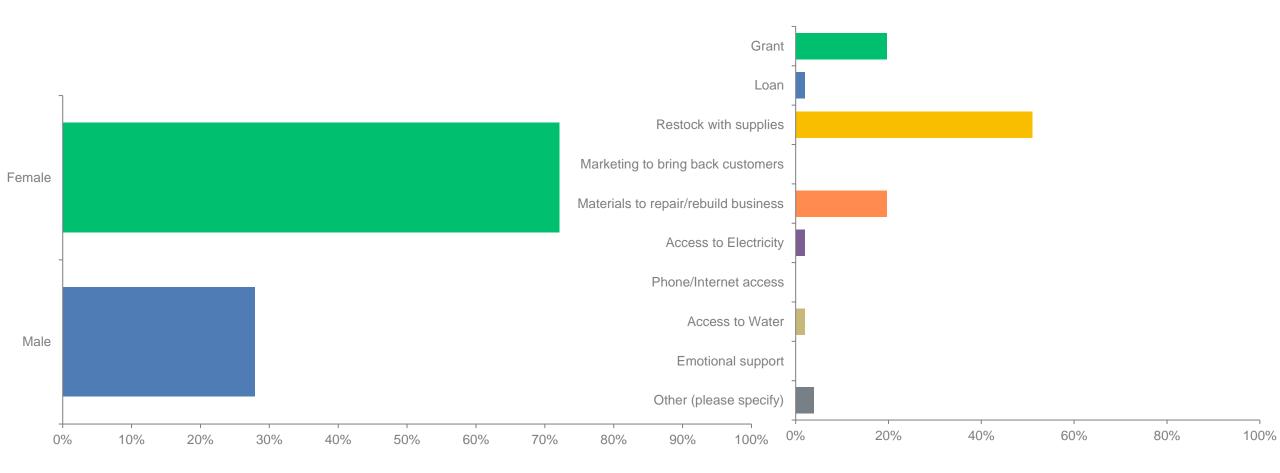

- >68 CB MSEs observed as badly damaged by NTCG (July 12)
- >LCF/ILE created a questionnaire (July 13)
- **▶61** MSEs interviewed by NTCG (July 14 24) (extended to July 30)
 - ✓ Data captured in survey monkey (July 17 30)
- >48 MSEs determined to be most in need of assistance

Some Loss & Damage Data

What type of recovery assistance do you need now?

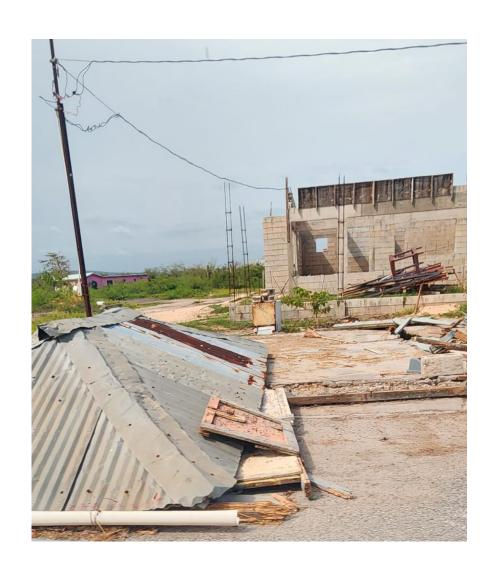

Loss & Damage Evaluation

RAPID ASSESSMENT highlighted immediate needs:

- 1. Restock supplies to aid the restart & rebuilding of CB MSEs:
 - Cook shops
 - Corner/grocery shops
 - Women-owned businesses
- 2. Repairs to Damaged CB MSEs
- 3. Financial Assistance

Key Activities

- 1. Engage Additional Partnerships willing/able to provide
- 2. Restoration & Rebuilding Support:
 - Restock Supplies
 - Building Repair Materials
 - **✓** Financial Assistance
- 2. Training / Capacity Building Support
- 3. Monthly Monitoring & Evaluation

Additional Partnerships

Additional Partners in Jamaica and the Jamaican Diaspora joined the effort to restore and rebuild MSEs:

- Blinksky Foundation
- 2. Caribbean American Association of Lake County Florida
- 3. Women of Kulture, Inc.
- 4. Caribbean American Diaspora Alliance
- 5. WMW Jamaica
- 6. Rosemarie Francis-Binder (Diaspora in Germany)

Restoration & Rebuilding Support

Restock Supplies & Repair Materials

- 30 corner/grocery shops received LASCO products for resale
- 8 cook shops received LASCO products for cooking of meals
- 10 women-owned MSEs received LASCO food products, personal items & other products from BlinkSky Foundation
- 9 MSEs received tarpaulins as a temporary fixture for persons with damaged roof
- 10 MSEs received 103 sheets alloy 16ft zinc and/or 40 sheets of
 form plywood to repair their shops
- 95 care packages* were also provided to MSE owners for resale and personal consumption for themselves and their families.

*A discreet list of support helpline numbers were added to some of the packages by WMW Jamaica for anyone experiencing violence, abuse, exploitation or other harmful situations

TOTAL VALUE Ja\$2,158,324.00 (US\$13,700)

MSE Follow-up Visit

On **September 9, 2024**, LCF in collaboration with representatives from WMW Jamaica, ILE and Mary Oyella, Emergency Response Specialist GBViE, UNFPA conducted a follow-up visit with a few MSEs owners in Clarendon.

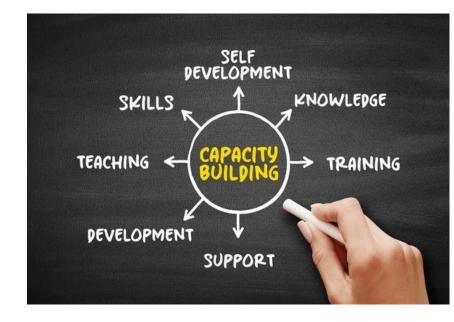

During the visit:

- Three (3) women business owners were interviewed to assess their current business status and challenges faced by female-headed MSEs & other in the community.
- The team met with some of the 15 residents at the Rocky Point Shelter and discussed their experience in the Shelter as well as their concerns

Training / Capacity Building Support

- September 18, 2024 ILE started delivery of an interactive, gendersensitive training programme tailored to the needs and objectives of at least 15 young entrepreneurs, focusing on equipping them with essential entrepreneurial skills, knowledge, and tools to restore their business and drive sustainable business growth and success.
- Topics includes:
 - **Session 1 "Level Up"** focusing of Entrepreneurship, Recovery Challenges, Innovation & Digital Literacy
 - **Session 2 "Mine yuh Business"** focusing Goal Setting, Exploring Business Models Canvas, Sustainability and the Marketing Mix
 - **Session 3 "All about di Money"** focusing on Financial Literacy, Budget Preparation and Record Keeping
 - **Session 4 "Network=NetWorth"** focusing on Business Registration, Legal Compliance and Networking

Restoration & Rebuilding Support

Financial Support

- ❖ ILE will provide financial support for at least 10 MSEs led by youth entrepreneurs as part of the Training/Capacity Building Support
- LCF proposes to collaborate with financial institutions and/or other organizations to provide access to grants and/or interest-free loans designed to support the rapid rebuilding and sustainable growth of affected businesses.
- LCF is currently seeking assistance for the establishment of an "Entrepreneurship Fund" to support MSEs and other micro & small enterprises

Monthly Monitoring & Evaluation

- LCF designed a questionnaire* to monitor and evaluate the progress of MSEs that benefited from the CB MSE Rapid Recovery Assistance Programme on a monthly basis
 - *WMW Jamaica & Mary Oyella guided the inclusion of GBV-related questions
- OSJ and other partners will organize monthly interviews with
 64 MSEs to collect data and monitor their development
- Data collected will inform continuous improvements and adjustments.
- Monthly progress reports, impact assessments, and feedback
 to key stakeholders will be prepared

July 11, 2024

August 28, 2024

Key Activities

- 1. Ongoing Monitoring/Evaluation
- 2. Provide Targeted Support according to needs of each business
- 3. Formalize relationship with LASCO Distributors Ltd. (where applicable)

Targeted Support for Sustainable Growth
